 rupts. The appraisers of the estate
 will be named by the referee shortly.
 The meeting was continued for two
 weeks, after authorizing the trustee to

 than 75 to 80 per cent.

E. S. RUSS APPOINTED.

As Superintendent of Waterworks at
 Special Meeting of Aldermen.

The special meeting of the board of
 aldermen, held Monday evening at the
 council chamber in the town build-
 ing, furnished surprises in the mat-
 ter of appointments, chief among
 which was the refusal of the repub-
 lican majority to reappoint Her-
 bert S. Moulton superintendent of wa-
 terworks, and their selection instead,
 of E. S. Russ. Mr. Russ is at present
 an inspector in the state highway de-
 partment and was formerly in the
 employ of Civil Engineer Robert E.
 Mitchell, first selectman of the town.
 Mr. Moulton has been connected with
 the water department since its incep-
 tion, and superintendent under both
 burgess and city government for a
 continuous space of 33 years. He has
 always been an efficient and capable
 head of the system and had been con-
 sistently reappointed under republi-
 can and democratic control of the
 board of aldermen. No one thought
 when the republican majority threw
 down all of the mayor's appointments
 two weeks ago that they would do
 otherwise than appoint Mr. Moulton,
 whose again was the chance came for
 them to exercise their option. But it
 had been decreed otherwise.
 Just previous to Monday night's
 meeting, the republican majority met
 with the city committee of the party
 and presumably came to a final de-
 cision as to the course to be pursued,
 for there was no break in their ranks
 when it came to voting, as was the
 case last year.

ity were present, Alderman Caisse be-
 ing unable to attend on account of the
 weather and his injured leg, broken
 some time ago by a fall.

Mayor Dunn called the meeting to
 order shortly after eight and adjournment
 was taken with a half hour. In the
 first space of time Corporation Coun-
 sel Thomas J. Kelley was replaced by
 Charles A. Capen, formerly influen-
 tial in the city. Kelley had been so
 not so prominently connected with the
 party or official positions. Fire Chief
 Thomas P. Foley was displaced by
 Fred W. Gerwick, for some years an
 assistant engineer of the department.
 Mr. Moulton gave way to E. S. Russ
 on the water department and J. J.
 LaPalme was replaced by H. A. Tru-
 deau as city tax collector. The new
 appointments are all republicans.

E. O. Sumner Reappointed.
 E. O. Sumner was unanimously re-
 appointed as superintendent of streets,
 as was George H. Allen as superin-
 tendent of the pumping station.

Vote 4 to 2.
 The vote on corporation counsel, su-
 perintendent of waterworks and tax
 collector was 4 to 2, a strict party
 vote, while the vote for Fred W. Ger-
 rick for fire chief was 5 to 1.
 The following appointments were unan-
 imously chosen: Assistant engineers of
 the fire department, Nelson A. Daniels,
 Frederick Hornberger, John O'Rourke;
 police, William Hatfield, C. C.
 Root, James Moriarty, W. J. Costello.

**Colds Are Often Most Serious—Stop
 Possible Complications.**
 The disregard of a cold has often
 brought many a regret. The fact of
 sneezing, coughing or a fever should
 needs immediate attention. Certainly
 loss of sleep is most serious. It is a
 warning given by Nature. It is man's
 duty to himself to assist by doing his
 part. Dr. King's New Discovery is
 based on a scientific analysis of colds,
 50c at your druggist. Buy a bottle to-
 day.

**The Liver Regulates the Body—A
 Sluggish Liver Needs Care.**
 Someone has said that people with
 chronic liver complaint should be shut
 up away from humanity, for they are
 pessimists and see through a "glass
 darkly." Why? Because mental states
 depend upon physical states. Bilious-
 ness, headaches, dizziness and consti-
 pation disappear after using Dr. King's
 New Life Pills, 25c at your druggist.

H. H. Lyman, George H. Miller;
 plumbing inspector, John R. McCar-
 thy.

The comments on the streets fol-
 lowing the selections were many and
 varied, but it remains to be seen what
 effect they will have on next fall's
 city election. Time may reveal many
 disappointments, and the newly chosen
 appointments may perform the duties of
 their offices so well as to vindicate the
 choice of the majority. It is a fact,
 however, that considerable unfavorable
 comment was heard following the
 meeting.

BUSINESS

IGNORES WEATHER CONDITIONS

All day Monday we were as busy as could be in spite of
 snow and ice and rain and wind, because of the ex-
 tremely low prices which prevail on each and every
 piece of winter merchandise in the store. It makes no
 difference whether you need something for personal
 wear or some article for household use, the PRICE at
 which you can obtain it this week is SO SMALL that
 you can't afford to neglect the opportunity.
